### STREET NOTES.

Production has been very successful recently, we are doing in bonds in all departments.

F. Denk was held and arrested in the county court yesterday upon a charge of 1500 dollars for gambling.

Paul Kuekes was on trial in the county court yesterday for selling liquor to a minor, was acquitted.

Mayfield again the city of passers-by again yesterday, discharging thousands of dollars in cash in his show-windows.

Specialists in Station bars to-day at Mallory's Station and big houses set at prices never before heard of.

Chapman paid and saw the gamblers turned out in the station, were arrested yesterday for an assault of the amanities that comes often between father and son.

Marked improvement being made in some of the street crossings by the mail being dropped at all places being supplied with grass. Several wagons are at work tilling the gravel.

Since the cold weather, which has greatly retarded construction of buildings during this month, has passed over, work on the new city hall, the federal and other buildings are being pushed with renewed vim.

In the mayor's court yesterday morning the following informants were dealt with in manner set apart to their names. Kallis, Keys and Henry John, \$5 each. Chas. O'Donnell and Daugherty, \$5 each. Oscar Armstrong, \$5 each.

Mrs. Lehman whose Fifth street hotel was consumed in the Stone fire, will reopen her business again in the first of February. She is a popular caterer and The Examiner trusts that she will soon outrun her misfortune that she has had.

Hats at Mallory's will be sold today at such a slaughter of prices as has never been known in Waco. Draper and Price, though convicted and sentenced, Hats which cost \$50 in New York will be sold from \$15 down to 50 cents.

The temperance crowd will meet tonight at the Temperance Hall. The lady officers elected to aid in the different positions during this year are showing a disposition to make this organization more interesting than ever before. All members requested to be at the meeting tonight.

Mr. Eli Hirschfeld was in the city yesterday visiting his brother, the Cotton Belt's ticket agent. Though only twenty years of age he holds an important position in the freight department of this road at Little Rock. When much younger was clerks in the forty-eighth congress, on the committee on expenditures in the interior department. He is "getting there Eli," as it were.

Mr. A. T. McCord, late ticket agent of the Texas Central at Fort Worth, has been promoted to the position of traveling passenger agent of that road to succeed Mr. B. R. Robins, who goes to St. Louis to represent the Central in the same capacity in that section. The Central had a hard fight with other roads to get into Fort Worth, but is now on amicable relations with all of them and her tickets are being sold from the union depot, thus doing away with the box as improvised for a passenger depot and their local ticket agent. Mr. McCord headquarters are in Dallas, but he is down this way looking after the interests of the Central, and is "subbing" for Agent Dillingham while that gentleman spends a few days in the Bayou City.

Those who are trying to break up the baneful habit of intemperance will experience great benefit from the use of Prickly Ash Bitters. Liquor deranges the system. Prickly Ash Bitters will remedy the evil results and restore the brain, stomach and liver to healthy action, thereby strengthening the will power thoroughly cleansing and toning up the system and remove every taint of disease. It is purely a medicine and while pleasant to the taste, it cannot be used as a beverage by reason of its cathartic properties.

There are two advantages in depositing in Mayfield's Bank. Your checks will be cashed at any hour in the day, and up to 9 o'clock at night. And on sums over ten dollars you will receive 12 percent interest.

**Stop That Cough.**  
Tucker's Syrup of Tar and Wild Cherry will do it.

The spring trade opened. Lewine Bros. have opened the spring trade.

### NEW BUILDINGS.

A LIST OF Handsome Structures That Will Be Built in Waco Shortly.

Agent of Cooke furnishes THE EXAMINER with the following list of buildings to be put up in the immediate future:

A. Herz, duplicate of his building that was burned a few days since, two-story, frame on the old spot, to cost \$4,000.

A two-story brick store on Fourth street, joining the Citizens' National Bank on the south, and running to the alley, making a 100 foot front. It will be 65 feet deep, and is to cost about \$10,000. It will sit where the Western Union and other little buildings are now located—and though owned by Messrs. J. F. Bagby, the stockman, and Henry Pickett, bookkeeper for Kelton & Rotan, will be known as the Chalmers building. It will be a handsome structure.

Mr. Kirksey, the woolen mill man, will erect on the northeast corner of Austin and Thirteenth, near Col. Cameron's residence, a handsome two-story frame residence to cost \$8,000.

For Mr. E. A. Sturgis, Jr. a two-story frame residence on the northeast corner of Webster and Fifth streets, to cost \$3,000.

Story and a half cottage for Mr. Moser, the boot and shoe man, on Dickey's Hill, to cost \$2,500.

Jim Sturgiss, a two story frame, location not yet decided upon.

A force of hands are busy making excavation for the foundation of two brick stores. Dr. Cooke will build adjoining the Cohen building, and the structure will have a front on Third street of 100 feet and a length of 75 to 100 feet to point as yet undecided.

It will be a tasty and durable building, its front being made of pine girders.

In the spring Mr. James Baker will put a large business house on his property at the southeast corner of Franklin and Fifth.

Rev. Dr. B. H. Carroll will be absent Sunday at Resean. Several other Bapists of Waco will be there also, attending the quarterly board meetings.

### To Purchasers of Articles of Luxury.

Elaborate commendation is useless when the article to be brought to the notice of the public presents a sufficient degree of real merit in itself, it is only a production of inferior quality that needs to be plausibly extolled to secure patronage. Absolute safety in the purchase of costly articles of luxury can be secured by patronizing houses of recognized reliability and responsibility. Two much attention cannot be paid to this point, as it frequently happened that pianos and organs have been recommended and guaranteed as good and reliable which in a year or two proved to be worthless boxes while the dealers who sold them, and sometimes manufacturers also, were no longer in business or able to protect the guarantees which they so cheerfully gave their dopes.

The house of Thos. Goggan & Bro. has been established nearly a quarter of a century and its responsibility stands unquestioned. This firm carries a larger stock of musical goods than all dealers in Texas combined, and takes pride of the fact that all their customers are warm friends. Fair dealing, liberality, and a true representation of the quality of goods, has secured this enviable position. Their branch house in Waco is in charge of G. D. Wakely, No. 169 south Fourth street.
